

What a Little Moonlight Can Do

Diana Ross

Ooh, what a little moonlight can do
Ooh, what a little moonlight can do to you

You're in love
Your hearts a flutter
And all day long you only shutter
'Cause your poor tongue
Just won't utter the words "I love you"

Ooh, what a little moonlight can do
Wait a while
'Till the little moonbeams comes peeking through
You get bold
You can't resist him
All you say
When you kissed him is
Ooh, what a little moonlight can do
