What the World Needs Now

Diana Ross

What the world needs now is love, sweet love It's the only thing that there's just too little of What the world needs now is love, sweet love No not just for some but for everyone

Lord, we don't need another mountain There are mountains and hillsides Enough to climb There are oceans and rivers Enough to cross, enough to last 'Til the end of time

What the world needs now is love, sweet love It's the only thing that there's just too little of What the world needs now is love, sweet love No not just for some but for everyone

Lord, we don't need another meadow There are corn fields and wheat fields Enough to grow There are sun beams and moon beams Enough to shine Oh, listen Lord, if you want to know

What the world needs now is love, sweet love It's the only thing that there's just too little of What the world needs now is love, sweet love No not just for some but for everyone

What the world needs now is love, sweet love What the world needs now is love, sweet love What the world needs now is love, sweet love What the world needs now
