

# Who

Diana Ross

Who left my lover in the rain  
Who washed away the colors in my life again  
Who left my lover in the rain  
Who washed away the colors in my life

There's no use crying, trying hard  
What else can I do  
But he becomes another man  
Another case of fool

Why go on living and giving up  
Much more than I receive  
Its taken time to realize  
But now I've opened my eyes to you

Who left my lover in the rain  
Who washed away the colors in my life again  
Who left my lover in the rain  
Who washed away the colors in my life

But who is right, who was wrong  
When love just fades away  
It could've been me, it could've been you  
But now I never find out who

Who left my lover in the rain  
Who washed away the colors in my life again  
Who left my lover in the rain  
Who washed away the colors in my life again

Who left my lover in the rain
