

Workin' Overtime

Diana Ross

I'm workin' overtime, dedicated to you
Gonna cross that thin line, hope you don't disapprove
'Cause I'm workin' overtime, got to make a new start
'Cause I'm workin' overtime, workin' hard

Boy, you've got to think
What your priorities are really all about
It's such a crazy world, we're on the brink
There'll be no turning back once we've set out

So much left to do and so little time
Just read the news to see today's headlines
One idea can last forever
And here's the only way that I can prove it

I'm workin' overtime, dedicated to you
Gonna cross that thin line, hope you don't disapprove
'Cause I'm workin' overtime, got to make a new start
'Cause I'm workin' overtime, workin' hard

Boy, I found a way
To raise the level of my self esteem
When I was just a girl, I learned how to say
I will be proud I see a me that will always achieve

One idea can last forever
And here's the only way that I can prove it

I'm workin' overtime, dedicated to you
Gonna cross that thin line, hope you don't disapprove
'Cause I'm workin' overtime, got to make a new start
'Cause I'm workin' overtime, workin'

When you want someone, I'll be there for you
And when you need someone, I'm dependable
When your world is falling apart, you can lean on me
And nothing will come between our hearts for all eternity

One idea can last forever
And it's the only way that I can prove it

I'm workin' overtime, dedicated to you
Gonna cross that thin line, hope you don't disapprove
'Cause I'm workin' overtime, got to make a new start
'Cause I'm workin' overtime, workin' hard

I'm workin' overtime, dedicated to you
Gonna cross that thin line, hope you don't disapprove
'Cause I'm workin' overtime, got to make a new start
'Cause I'm workin' overtime, workin'

'Cause I'm workin' overtime, dedicated to you
Gonna cross that thin line, hope you don't disapprove
'Cause I'm workin' overtime, got to make a new start
'Cause I'm workin' overtime, workin' hard
