

# You Can't Win

Diana Ross

You can't win  
You can't break even  
And you can't get out of the game  
People keep sayin'  
Things are gonna change  
But they look just like they're staying the same  
You get in  
Way over your head  
And you've only got yourself to blame

You can't win, chile  
You can't break even  
And you can't get out of the game

You can't win  
The world keeps movin'  
And you're standin' far behind  
People keep sayin'  
Things 'll get better  
Just to ease your state of mind  
So you lay back  
And you smoke that smoke  
And you drink your glass of wine

You can't win, chile  
You can't break even  
And you can't get out of the game

You can't win  
You can't win  
No way if your story stays the same  
You ain't winnin'  
But it's nice to see you  
I'm awfully glad you came  
Better cool it  
'Cause it ain't about losin'  
Then the world has got no shame

You can't win, chile  
You can't break even  
And you can't get out of the game

You can't win  
You can't win  
You can't break even  
Ain't the way  
It's supposed to be  
You'll be spendin'  
Your little bit of money  
While someone else ride free  
Learn your lesson, refuel your mind  
Before some turkey blows out your flame
