

You've Changed

Diana Ross

You've changed
That sparkle in your eyes is gone
Your smile is just a careless yawn
You're breaking my heart
You've changed

You've changed
Your kiss is now so blase
You're bored with me in every way
I can't understand
You've changed

You've forgotten the words
I love you
Each memory that we've shared
You ignore every star above you
I can't realise you ever cared

You've changed
You're not the angel I once knew
No need to tell me that we're through
It's all over now. You've changed
