You've Changed

Diana Ross

You've changed That sparkle in your eyes is gone Your smile is just a careless yawn You're breaking my heart You've changed

You've changed Your kiss is now so blase You're bored with me in every way I can't understand You've changed

You've forgotten the words I love you Each memory that we've shared You ignore every star above you I can't realise you ever cared

You've changed You're not the angel I once knew No need to tell me that we're through It's all over now. You've changed
