

# Mad at Me

Diana Vickers

Tonight he got mad at me  
I didn't get in till 3  
And now I said I'd be  
Got bored dancing all on my own  
I try to get you home  
No sitting on my phone

He took my hand and closed the door  
I pushed him up against the wall  
And he can't resist  
I promise it was just one kiss baby  
We can move on to laying in  
Put it in a box laying it  
I wanna say I was so lonely  
It was one night only  
Put it I a box, phone me  
Not one mistake  
So are you mad at me, mad at me?  
Was it so bad of me, bad of me?

Oh baby you'll make it worse  
You know you always come first  
Imagine it in reverse, in reverse  
Hey what do you take me for?  
You kissed that girl next door  
As you did it all before, before

He took my hand and closed the door  
I pushed him up against the wall  
And he can't resist  
I promise it was just one kiss baby  
We can move on to laying in  
Put it in a box laying it  
I wanna say I was so lonely  
It was one night only  
Put it I a box, phone me  
Not one mistake  
So are you mad at me, mad at me?  
Was it so bad of me, bad of me?

So are you mad so mad at me  
So why you mad so mad at me?  
It was just one kiss baby  
We can move on to laying in  
Put it in a box laying it  
I wanna say I was so lonely  
It was one night only  
Put it I a box, phone me  
Not one mistake  
So are you mad at me, mad at me?  
Was it so bad of me, bad of me?  
So are you mad of me, mad of me?  
Was it so bad of me, bad of me?  
So why you mad at me, so mad at me?  
So why you mad at me, so mad at me?
