

N.U.M.B.

Diana Vickers

I feel numb
My every nerve has lost it's feeling
No air left in my lungs
A gasp of breath is all I'm craving

It's the opposite of love
All things decay and rust
It's the ugly side of us
Oh mother hold me

N.U.M.B I feel empty
Of feeling, of feeling
Even God is grieving
N.U.M.B, elevate me
I'm drowing, I'm drowning
Please God, I'm numb to life

I feel numb
All my dreams have lost their meaning
total eclipse of the sun
The guilty part is your's for keeping

It's the opposite of light
I'm the owl, of the night
Set me free so I can fly
Let me go don't hold me

N.U.M.B I feel empty
of feeling, of feeling
Even God is grieving
N.U.M.B, elevate me
I'm drowing, I'm drowning
Please God, I'm numb to life

N.U.M.B I feel empty
of feeling, of feeling
Even God is grieving
N.U.M.B, elevate me
I'm drowing, I'm drowning
Please God, I'm numb to life

Please God, I'm numb to life
please God, I'm drowning
Please God, I'm numb to life
