

For The First Time

Diane Schuur

For the first time in a long time
There is love in my life
For the first time in a long time
Everything is alright

I don't know just how it all came to be
Can't believe that it could happen to me
But it's you I was always dreaming of
And for the first time in a long time I'm in love

For the first time in a long time I believe in myself
And it makes it all so easy to love somebody else

When we met my heart was heavy with care
But with you I'm feeling lighter than air
I could fly to the moon and stars above
'Cause for the first time in a long time I'm in love

They say the world is made for those who love
And now I know it's true

For the first time in a long time
I'm truly alive
I've been waiting for a long time
Now I know I'm alive

I don't know how it all came to me
Can't believe that it could happen to me
But it's you I was always dreaming of
And for the first time in a long time
This is my time and I'm falling in love
