

Testify

Dianne Reeves

Sometimes you won't understand why life is the way it is
Things don't always go the way you plan them
But I believe god in time is anonymous
And in through time god reveals all things

You gotta be still, stand and lovin'
Pay attention
I just want to testify
I just gotta testify
I just want to testify
I gotta testify
When I look back on my life

I go crazy when I think of the danger I put myself in
But amazing grace always carried me to safety
Knowing that I'd go back to the same place again and again
Lord no one could ever love me the way that you do
In spirit, mind, and body I surrender myself daily to you

And I just want to testify
I gotta testify
I just want to testify
Amazing grace saved my life

So sweet the journey when you learn to love yourself,
accept yourself, forgive yourself, believe in yourself, be yourself
With Amazing grace as your constant friend
Say I'm free off anger, I'm free fear, and my mind is at ease
I don't regret a single yesterday

Cause yesterday made me who I am today
I just want to testify
The mind is strong
I can see what I can see
I just want to testify
Amazing Grace Saved my Life

I gotta testify
Testify testify
I gotta tell my story
Testify Testify
About the love, about the light and the glory

Testify Testify
How it taught me to walk
Testify Testify
How it taught me to talk
I gotta testify cause I feel all right now
I gotta testify cause my soul is all right
Thank you father
I gotta testify
