

## Echo in Me

## Diary of Dreams

Echo in me  
Echo in me  
A creature like you is born for defeat  
You lure me to places where giants sleep

Schlaf, schlaf...  
Schlaf ein mein Kind  
Schlaf, schlaf...  
Es ist besser für Dich!

Echo in me  
Echo in me  
Echo in me  
Echo in me

Schlaf, schlaf...  
Schlaf ein mein Kind  
Schlaf, schlaf...  
Es ist besser für Dich!

I betray you and me  
as your world still decays and awaits me  
I could heal this disease,  
but why should I destroy what survives me

I betray you and me  
as your world still decays and awaits me  
I could heal this disease,  
but why should I destroy what survives me

Echo in me

Awoken now at last from slumber  
I set my eyes upon the truth  
And I see beauty in the secret  
And I sense light for the inward eye

Schlaf, schlaf...  
Schlaf ein mein Kind  
Schlaf, schlaf...  
Es ist besser für Dich!

I betray you and me  
as your world still decays and awaits me  
I could heal this disease,  
but why should I destroy what survives me

I betray you and me  
as your world still decays and awaits me  
I could heal this disease,  
but why should I destroy what survives me

Echo in me
