

# Oblivion

Diary of Dreams

Immortal hatred longing  
For what I've done to you  
A shattered dream of greed  
Confess of a faded bloom

Reminded day by day  
The scars just cannot heal  
Still unforgiven guilt  
Am I a child within your hands?

Tear my heart out, let me fall  
Keep my faith enclosed in walls  
Like a child within your hands  
Close my eyes and let me fall

Into oblivion I urge  
For you I dare to feel regret  
A sacrifice I cannot fear  
How can I cure what you protect?

Immortal hatred longing  
For what I've done for you  
A shattered dream of need  
Moments without truth

A mournful sacrifice  
The scars will never heal
