

# Reign Of Chaos

## Diary of Dreams

"I am alone, hiding.  
I am scared, I can hear someone's heartbeat.  
It's coming closer.  
Is somebody out there?  
Hello?"

My friends of slaughter  
Noble brothers  
Sisters of violence  
And fathers of destruction

I enslave you all  
You shall not deny me  
You must obey  
Marching into death with me  
Die with me!

This is my gift for you  
This is my therapy of hate  
This is the poison room  
This is your home my friend

Slaves of this kingdom  
Entitled to suffer  
Victims by change  
Deception routine

He who commands  
Finds justice in rage  
A gamble of moods  
Obliged to obey

Prince of darkness  
Give life to the lost  
King of the dead  
Give names to the nameless

This is my gift  
This is my therapy  
This is the poison  
This is your home
