

The Chain

Diary of Dreams

When you're slaved to your perception,
when you're bound to your ideals,
when you're blinded by deception,
when you fail to solve the secrets.

It is not enough to humiliate me,
it is not enough to put me back in chains,
it is not enough to manipulate me,
it is not enough to hold me back from you.

Because we read it on every page,
we take it all for granted,
it is proven that's nothing proven,
but I think it is real to you.

It is not enough to humiliate me,
it is not enough to put me back in chains,
it is not enough to manipulate me,
it is not enough to hold me back from you.

The Chain

What is this chain for?
What am I here for?
Where did my pride go?
Come let me fight show

It is not enough to humiliate me,
it is not enough to put me back in chains,
it is not enough to manipulate me,
it is not enough to hold me back from you

The Chain
