## **Give Me One Good Reason**

## **Dickey Lee**

Give me one good reason not to go tell me why I shouldn't leave today Give me one good reason not to walk away hmm hmm I'm only made of flash and blood and I've had about all I can t ake You keep playing with my love as if my heart could never break You stayed out late and never call sometimes I wonder if you ca red at all Give me one good reason not to go tell me why I shouldn't leave today Give me one good reason not to walk away and I'll stay and I'll stay We used to sing in harmony the sweetest sound I've ever heard

We used to sing in harmony the sweetest sound i've ever heard But now our song is out of key and you forgotten all the words You run around fancy free don't you know how bad you've hurtin' me So give me one good reason...
