

# Too Bad

Dido

Last time I saw you  
You left me crying on the floor  
You just stepped over me  
Running for the door

And if you think I want you back  
You must be mad  
Even if you were the last man

Cruel does not describe what you were to me  
And my smile cannot disguise

And it's too bad  
You left me  
Too sad you're trying to get back into my life  
And it's too bad  
You made the wrong choice  
Too sad I just don't care  
Don't wanna know that I'm right  
And it's too bad

The last time I saw you  
You said you'd leave me wanting more  
And at the time I believed you  
And if you say you miss me  
You can't have her  
No I, I wouldn't touch you

And it's too bad...
