

Street Light

Die Antwoord

Underneath the streetlight, now, waiting for the shit to go down
Oh, no, there's gonna be a murder, oh god, when the street go down

In Africa everything broken
Ch'Yeah boy, no money no friends
Just live to fight another day
At night the rats come out to play
In the trash, empty streets where rattys rolling thick as thieves
Take your money if you rich
Take your life and rape your bitch
10pm - no body, in the streets just yolandi and me night walking sipping wine, feeling fine, killing time
Night life wild if you feel like fun, some reason didn't bring my gun
My tipsy, giggly and taking selfies, making up rhymes that made me wealthy
Sense the threat, from behind, we stop underneath the street light look past these 6 motherfuckers yep, 6 rattys rolling up on us

Underneath the streetlight, no, waiting for the shit to go down, oh, god
There's gunna be blood on the streets, so much blood on the streets girl, when the shit go down, oh, oh god

Fuck, we getting rolled on, wait don't mind us hold on, don't want to run away into the dark
6 rattys roll up on us hard, they stick a knife against my guts they take my phone, who gives a fuck?
Take what you want, I keep calm
So I had to grab Yolandi's arm, but a rat pull a GAT but it didn't go blaow
Mother fucking ratty only pull a GAT now
Yolandi starts to buck and kick and makes me lose my fucking shit
I bucked in the motherfucking rat with the GAT I kick and hit and bit this guy, stuck my finger in his eye, took this ratty's gun away, no bullets so the ratty's run away, sat the ratty over there he dragging my girl by the hair, she trying her best to get away he punching my girl in the face, what the fucking fuck think quick, I smash a bottle on a brick
Want some motherfucker? Like a wild animal

Blood, blood so much blood, oh, oh no, oh no no
What did I just do, oh my god? oh, jesus fucking christ
Blood, blood so much blood, oh, oh no, please forgive me
What did I just do, oh my god? I didn't mean to kill a man, oh no
Underneath the street light, oh, that's where the shit went down, oh, oh, oh, god, your mama gonna cry tonight, girl, when she hear about the shit that went down, oh, oh, father forgive me
