

## Enslaved

### Die Apokalyptischen Reiter

Can't believe the world is a place for lies  
Can't believe the world is only rules by power (alone)  
Can't believe that everyone humbles before repression  
But I'm very sure; we're damned for downfall.  
Children of damnation, slaved until death  
The mankind is the living end of the world  
A spreading and ailing sickness.  
If you don't want to suffer, start hating  
Looking for a way out you'll perish.
