Hey-Ho

Die Apokalyptischen Reiter

Hey-Ho let's go - this is my violent show Hey-Ho let's go - I give my fears a blow

Should I wait?
Should I suffer?
It hurts way too long
Cannot forgive you anymore
The pain is slowly killing me.

The glas is broken and I will fly Far, far away
To a mountain you'll never know.
I will be free.

I spread my wings and breathe the air I will be free I get back to myself I will be free.
