

# Breathing

Die Happy

Verse1:

A day at my window, wrinkles on my face  
'n you were so strong and told me 'bout your fate  
Buried on Friday, was more than I could bear  
Snowflakes in my eyes, melting fast, much too fast

Chorus:

Now you see, you feel me when I'm breathing  
But you, you're not here, when life isn't easy,  
When I'm falling down...

Verse2:

A day at my window, wrinkles on my face  
'n you were so strong and told me 'bout your faith  
Buried on Friday, was more than I could bear  
Snowflakes in my eyes, melting fast, much too fast

Chorus:

Now you see, you feel me when I'm breathing  
But you, you're not here, when life isn't easy,  
Now you see, you feel me when I'm breathing  
But you're gone, can't be here, here with me  
You're gone and I'm trying to understand  
Trying to understand... understand.
