

## Don't Be Scared

Die Happy

My mouth is a loaded gun  
My words are bullets  
Then, baby, you are done  
then it's over  
Your stupid worries  
You're my victim  
My only one

Don't be scared  
I'm just gonna kill you  
Well I'd love to, try to  
Damn, I think I'm gonna shoot you  
'Cause I have to fuck you up

My mouth is an avalanche  
My voice is thunder  
It's a one way road to hell  
You're going under  
You're my victim  
My only one

Don't be scared  
I'm just gonna kill you  
Well I'd love to, try to  
Damn, I think I'm gonna shoot you  
'Cause I have to fuck you up

My mouth is a loaded gun  
My words are bullets  
Then, baby, you are done  
then it's over  
Your stupid worries  
You're my victim  
My only one

Don't be scared  
I'm just gonna kill you  
Well I'd love to, try to  
Damn, I think I'm gonna shoot you  
'Cause I have to  
It's a crime  
I'm just gonna kill you  
With the weapon in my mouth  
I think I'm gonna shoot you  
'Cause i have to fuck you up
