

## Happy Now

Die Happy

put me up  
draw a letter on my skin  
with your blood  
scream it out loud  
there is so much to laugh about  
show me to everyone  
with your finger pointing at my shame  
make some stories up  
I am the witch that you blame

all the misery you feel  
you pass on to me

HAPPY NOW  
I AM DOWN ON THE GROUND  
HAPPY NOW  
LIKE YOU WANTED

beat me up  
throw your rude insults against my face  
you're so sure  
I am the worse piece of this human race  
love can't be forced as you know  
your thought of revenge makes you blind  
you wish me hell on earth  
all those bad things are on your mind

all the misery you feel  
you pass on to me

IN YOUR PAIN YOU BLAME ME  
LET ME GO AND FORGET.....FORGET.....ME
