## **Happy Now**

put me up draw a letter on my skin with your blood scream it out loud there is so much to laugh about show me to everyone with your finger pointing at my shame make some stories up I am the witch that you blame

all the misery you feel you pass on to me

HAPPY NOW I AM DOWN ON THE GROUND HAPPY NOW LIKE YOU WANTED

beat me up throw your rude insults against my face you're so sure I am the worse piece of this human race love can't be forced as you know your thought of revenge makes you blind you wish me hell on earth all those bad things are on your mind

all the misery you feel you pass on to me

IN YOUR PAIN YOU BLAME ME LET ME GO AND FORGET.....ME **Die Happy**
