

In Love

Die Happy

(I'm in love)

Now I know there's something wrong 'cause I shiver
Thousand spiders creeping 'round in my middle
I'm trying to ignore all my feelings
But it doesn't help at all, doesn't help at all

It's like a rollercoaster ride
Going up going down turning me around
It's like a neverending trip that you took 'cause it's
hip
There's no way out

I'm in love
I'm in love
Speeding up to 1000 Mile per hour
I'm in love
I'm insane
Someone screwed my weary little brain
I'm in love
Something that I couldn't see before

All that seemed to be a joke is not funny
No matter if it's night or day, I keep running
Now I'm about to realise what was scaring me the most
That I like to be a victim, that I'm lost

It's like a rollercoaster ride
Going up going down turning me around
It's like a neverendeing trip that you took 'cause it's
hip
There's no way out

I'm in love
I'm in love
Speeding up to 1000 Mile per hour
I'm in love
I'm insane
Someone screwed my weary little brain

It's like a bloody thriller with a silly happy end that
you never expected
It's like a pretty dream that I had that night
when i felt neglected

I'm in love
I'm in love
Speeding up to 1000 Mile per hour
I'm in love
I'm insane
Someone screwed my weary little brain

I'm in love
I'm in love
Speeding up to 1000 Mile per hour
I'm in love
Something that I couldn't see before...

Something that I couldn't see before...
Something that I couldn't see before...
