

## Paradise of Sin

Die Krupps

in-a-gadda-da-vida baby  
god is dead he lost the battle  
the devil rules over life and death  
feel his power, feel his wrath

hell - this is the paradise of sin  
fail - and you will suffer in pain  
nail - that son of desaster  
sell - your soul to the master

in the garden of evil, baby  
the bilbe's title is helter skelter  
take a ride on this rollercoaster  
live for sin and die faster

wake - your evil twin  
live - your wildest dream  
let - the demons in  
let - the madness begin
