

The Dawning of Doom

Die Krupps

Back in black
But no heads are turning
Back in black
No one came to see
Back in black
Are they still yearning
Back in black
For eternity
Can't escape it
Hide away from it
There's no light
At the end of the night
(repeat)
The dawning of doom
It was wrong to assume
Won't end the night
Ruled by your fright
Silent attack
The shadows are talking
Silent attack
No one can hear
Silent attack
The shadows are walking
Silent attack
In the night of fear
Can't escape it
Hide away from it
There's no light
At the end of the night
(repeat)
The dawning of doom
It was wrong to assume
Won't end the night
Ruled by your fright
