

# The Machinist of Joy

Die Krupps

You are the machinist  
and at your will  
all the machinery  
is standing still

You walk and stand  
eight hours a day  
your strong arms  
push the metal easily

You are the machinist  
and at your will  
all the machinery  
is standing still  
you are the machinist  
the machinist of joy  
du bist der machinist der freude

Body and mind  
are in strong condition  
you lift your tools  
in every position

Sufficient experience  
and mechanical skills  
no pain no gain  
to pay the bills

You are the machinist  
and at your will  
all the machinery  
is standing still  
you are the machinist  
the machinist of joy  
du bist der machinist der freude
