

Lonely Of A Woman

Die Mannequin

Honey can't you waltz with me
Heartache cause you were so dear
Honey can't you waltz with me
I, I hate cause she was asleep

Lonely of a woman
Lonely of a woman
Lonely of a woman
Lonely of a woman

I hate cause she was with me
Honey cause she was asleep
Don't need cause she was with me
I, I hate cause she wasn't clean

It's alone that she is the queen
It's alone that she is the queen
It's alone that she is the queen
It's alone that she is the queen

Lonely of a woman
That holds me to a bed again
Lonely of a woman
That knows what it is to kiss me
Lonely of a woman
That holds me to a bed again
Lonely of a woman
That knows what it is to kiss me

Knows what it is to kiss me

Honey can't you waltz with me
Heartache cause you were so dear
Honey can't you waltz with me
I, I hate cause she was asleep

It's alone that she is the queen
It's alone that she is the queen
It's alone that she is the queen
It's alone that she is the queen

Lonely of a woman
That holds me to a bed again
Lonely of a woman
That knows what it is to kiss me
Lonely of a woman
That holds me to a bed again
Lonely of a woman
That knows what it is to kiss me

Oh

Lonely of a woman
That holds me to a bed again
Lonely of a woman
That knows what it is to kiss me
Lonely of a woman

That holds me to a bed again
Lonely of a woman
That knows what it is to kiss me

Knows what it is to kiss me
Knows what it is to kiss me

(The Lonely Woman
She's looking for a man, any man
Now Gina Lollobrigida returns to the screen
She's only a little older
But she's much, much bolder
In her adult film debut as
The Lonely Woman
She likes to be young
The younger the better
She's looking for the inexperienced
And she's ready to teach him
To show him the many ways
To truly appreciate a woman
She walks the streets at night
Looking, hoping, and waiting
For someone to really love her
She's had men before
But they weren't up to the task
The Lonely Woman)
