

Saved By Strangers

Die Mannequin

You've got your wish tonight..
Crosses to crucify
Big eyes
Hot crimes
Undressed the best of times

Commit yr sister fisted foe
Pull the trigger let them know
Killed myself to kill us both
I'm happy to be there

I Need It. Until I Want It.

Welcome to waste your life..
My vulgar valentine
blonde highs
Hot crimes
Your fucked the best of times..

Lift your heels and Drown the pose
They'll bend you over just to know
Gorgeous whisper Pretty Ghost
I'm happy to be here

It's time to live with what you've done.....
Saved by strangers killed by ghosts

Hold you close to let you go
Pull the trigger let them know
Saved by strangers killed by ghosts
And I Am Happy To Be There
