Dirty Pictures

Die Toten Hosen

I wanna take some dirty pictures of you I wanna take some dirty pictures of you As I'm peering through the shutter I can feel my heart a flutter And the lens is getting steamy As the room is getting seamy Watch out for my reflex as I'm giving you the bird

Dirty pictures turn me on They give me strictures but I have to keep on Taking pictures dirty pictures I get my kicks up in the attic from a Kodak Instamatic

I wanna take some dirty pictures of you The dirtier the better only filthy will do As I rig up my umbrellas And the props are getting hotter The actions getting frantic As you going through your antics

Head up, leg up, chest out, can you what don't be absurd

Dirty pictures turn me on They give me strictures but I have to keep on Taking pictures dirty pictures I get my kicks up in the attic from a Kodak Instamatic

Dirty, dirty, dirty, dirty pictures

Dirty pictures turn me on They give me strictures but I have to keep on Taking pictures dirty pictures They give me strictures but I have to keep on Taking pictures dirty pictures They give me strictures but I have to keep on Taking pictures dirty pictures I get my kicks up in the attic
