

Feel That Fire

Dierks Bentley

She wants her nails painted black
She wants the toy in the Cracker Jack
She wants to ride the bull at the rodeo

She wants to wear my shirt to bed
She wants to make every stray a pet
And drive around in my truck with no place to go

But she needs to feel that fire
The one that lets her know for sure
She's everything I want and more
A real desire, that lets her know I'd walk alone out on the wire
to make her feel that fire.

She wants a cabin in the woods
She wants to stand where nobody stood
Someday she wants a couple kids of her own

She wants to make love on a train
Some day's she only wants a break
Hey she wants what she wants, and man I know I know I know

She needs to feel that fire
The one that lets her know for sure
She's everything I want and more
A real desire, that lets her know I'd walk alone out on the wire
to make her feel that fire.
Yeah feel that fire

So as long as there's a breath to take
A smile to share, A prayer to bring
A chance to hold her hand and fan the flame

She's gonna feel that fire
The one that lets her know for sure
She's everything I want and more
A real desire, that lets her know I'd walk alone out on the wire
Yeah to make her feel that fire. Whoa
Feel that fire

She wants her nails painted black
She wants the toy in the Cracker Jack
She wants to ride the bull at the rodeo
