

# I Wanna Make You Close Your Eyes

Dierks Bentley

Girl I've been waitin' on this long hard day to get over  
So I can rest my head right here on your shoulder  
I just wanna lay here and feel ya breathe  
Listen to the rhythm of your heartbeat  
And see where it leads

We're wide awake but girl I wanna make you close your eyes  
And say my name like only you can say it and hold me tight  
All I need is only you and me alone tonight  
I wanna make you close your eyes

Oh yeah

You can make me work for it girl if you want to  
Just leave a trail for me to follow you into the bedroom  
And if you need a little bit of help from me  
Babe there's not a button that I can't reach  
Let's see where it leads

We're wide awake but girl I wanna make you close your eyes  
And say my name like only you can say it and hold me tight  
All I need is only you and me alone tonight  
I wanna make you close your eyes

I wanna take you somewhere, out there  
'Til the world fades out of sight

We're wide awake but girl I wanna make you close your eyes  
And say my name like only you can say it and hold me tight  
Just hold me tight  
All I need is only you and me alone tonight  
Yeah, I wanna make you close your eyes  
Oh

I wanna make you close your eyes, oh  
Girl, I wanna make you close your eyes
