

# Life on the Run

Dierks Bentley

She never knew my name  
Least not the one my Daddy gave me  
I took off the way I came  
Moonlight reflecting off the chrome  
She didn't want my story, so I didn't have to lie  
If I loved her it was only for a night

Living life on the run  
You can't give your heart to no one  
Your only friend is the setting sun  
I didn't do what they said I done  
I gotta stay one step ahead  
Or one of these days I'm gonna wake up dead  
Dropped in my tracks by a bullet from a lawman's gun  
Oh, you can't rest a minute  
When you're living on the run

The white lines on the road  
That's the only trail I leave behind me  
Been chasing highline poles  
Ever since the night i skipped out of town  
somewhere in the distance i where I need to be  
All I care about right now is speed

Living life on the run  
You can't give your heart to no one  
Your only friend is the setting sun  
I didn't do what they said I done  
I gotta stay one step ahead  
Or one of these days I'm gonna wake up dead  
Dropped in my tracks by a bullet from a lawman's gun  
Oh, you can't rest a minute  
When you're living life on the run

Here they come no, gotta lay low  
Done bent the law till the law got broke  
Here they come now, gotta lay low  
Whoa, whoa, whoa, whoa

Here they come now, they're closing in  
Pack of blood hounds gonna catch my sent  
Here they come now, now I'm gone again

Yeah  
Living life on the run  
You can't give your heart to no one  
You can't rest a minute when you're living life on the run  
No, you can't rest a minute when your're living life  
On the run
