

# Modern Day Drifter

Dierks Bentley

capo II

I'm gonna be a modern day drifter  
Get out while I can  
Gonna trade in this life I've been livin'  
For a pocket full of sand  
And a modern day drifter  
Don't have to tell no one his plans

I'm gonna find that long stretch of highway  
Where no one knows my name  
Where as long as the sky just goes on  
And it's never the same  
A modern day drifter don't ever complain

Bye bye, high life  
Feels like the right time  
To say so long  
Keep on goin' strong  
And I'll just keep on bein' gone

'Cause I'm gonna be a modern day drifter  
Yes I am  
Gonna slip this ring off my finger  
'Cause everybody understands  
That a modern day drifter's got  
Nothin' but time on his hands

Bye bye, high life  
It feels like the right time  
To say so long  
Keep on goin' strong  
And I'll just keep bein' gone

'Cause I'm gonna be a modern day drifter  
Oh, yes I am  
Gonna slip this ring off my finger  
'Cause everybody understands  
That a modern day drifter's got  
Nothin' but time on his hands
