

That Don't Make It Easy Loving Me

Dierks Bentley

We were playin' out in Vegas when this lady pressed her way up
to the stage
I forgot what I was singin' when she met me with her meet-me-
later gaze
When she threw it on my mic stand I figured they were probably
double-D's
That might make for a good story man
But that don't make it easy lovin' me

One time I met one of my heroes and he made me feel real good t
hat I was there
'Cause whatever he was smokin' man it had me spinnin' circles i
n my chair
I fell asleep on his bus in Texas but I woke up in Memphis, Ten
nessee
That might make for a good story man
But that don't make it easy lovin' me

But I got a woman
Let me tell you that she's somethin'
You won't catch me doin' nothin'
To ever make her wanna leave
She knows how much I love her man
But that don't make it easy lovin' me

When you're livin' on a bus and you fill it up with a bunch of
real good timin' boys
Mix in applause and alcohol and honky tonks you know we're boun
d to make some noise
But this rake-and-
ramblin' life helps me write the kind of songs I wanna sing
'Cause it makes for real good stories man
But that don't make it easy lovin' me

But I got a woman
Let me tell you that she's somethin'
You won't catch me doin' nothin'
To ever make her wanna leave
She knows how much I love her man
But that don't make it easy lovin' me

Yeah she knows how much I love her man
But that don't make it easy lovin' me
