

# Thinking of You

Dierks Bentley

When I'm all alone or in a crowd  
In a quiet place or where music's loud  
If I'm on the road, or in the other room  
That's how you know, I'm thinkin' of you

When the flowers bloom, when the leaves turn brown  
when the sun is hot, when the snow falls down, down  
when the clouds are gray, and the sky's are blue  
that's how you know, I'm thinkin' of you

I'm thinkin of you, that's all I do all the time  
You're always the first and the last thing on this heart of mine  
No matter where I go or what I do,  
I'm thinkin' of you.

Can't remember names, who I used to be  
what I cared about before you came to me, baby  
Every selfish thought, all I thought I knew  
has been replaced with thinkin' of you.

(2x):

I'm thinkin of you, that's all I do all the time  
You're always the first and the last thing on this heart of mine  
No matter where I go or what I do,  
I'm thinkin' of you.

Always thinkin' of you, yes I am.
