

# Far And In Between

Diffuser

L.A lady drives me crazy  
I must confide what's on my mind  
Well, I've been watching and I've been waiting  
I see the signs you always lie

You wouldn't make it tough  
You told me, you told me  
You wouldn't break it off  
You told me, you told me  
You wanna fall in love!  
You told me, you told me  
You told me what I wanted to hear!

Every morning a different story  
I smell the sex all on your breath  
Well I've been down some with my bourbon  
Make no mistake my heart will break

Chorus

Far, Far, Far and in between  
Far, Far, Far and in between  
OooOOoh

(GUITAR SOLO)

You wouldn't make it tough  
You wouldn't break it off  
You told me, you told me  
You wanna fall in love!  
You told me, you told me  
You told me what I wanted to hear  
You told me what I wanted to hear

You told me, you told me  
You wanna fall in love  
At least before you always told me

OooOOoh OooOOoh OooOOoh!
