

Losers Of The Year

Tell the kids today, I'm not afraid
I got a hand full of dust
And a mouth full of pain
Want out;
We all want out
(repeat 2x)
Made some bad mistakes
Those are the breaks
I got a patriot high
With some symbolic quakes
Can't see the sun spots, through the domestic haze
Can't hide the makeup, cause you never can see, never can breathe
Want out;
We all want out
(repeat 2x)
Replace the name on your designer jeans with a flame
Income taxes for the youth
Intellect is all we know
And I believe this time that it's an uphill climb
You have to hold on tight
The weight's too heavy now
Want out;
We all want out
(repeat 2x)
