

Risin' To The Top

Diggy Simmons

I'm feeling like... in this prom
Blow you and the game it's about to be mine
The fast little... you ever seen before
I'm laughing at the... and singing that I can blow
Rap king finest giving... tiniest
Cause my money keep on multiplying
Ain't your money so you call me young giant
Little tiger... on the mike
But I ain't falling
I walk in Atlantic like it's my time to walk
Home king... looking like they mind
I know their tears are in my mind
I'm the new king of the gang
Now watch me shine
I'm about to run these...
So stay in the line
My competition... Brown James
Easy to be not even close
I'm running the coast
That BJ used to promote
Just give me the hope
Cause we're gonna be the originators
... I'm on cash
I'm gonna be regenerating money like Vegas
Respect what I'm talking about
Doing big things but to promote
Come on snick out
I know my uncle J looking down on me
Waiting for the day gang gone put the crown on me
It's my career keep passing through the chap
I feel like Diddy but I'm Diggy
Can't stop won't stop
... been a long time... like detox
Man like to be rock
And you say New York city
Keep your money rising to the top
