

What They Been Waiting For

Diggy Simmons

You see the shoes right,
You like the way I walk,
I got it cool right,
I hear them people talk,
And what I'm saying is what you hating for,
You know who it is,
What you've been waiting for (2x)
Wha what you been waiting for
I know who it is what they been waiting for

I got my horns with me,
I got my drummers drumming,
It's your boy Diggy go head and gimme sumthin

See what the problem is I'm actually kinda dope
Not like an average kid, I bet that's what you probably hope
They say I'm quote unquote, coming from the rich folks
But thata my pops bread but I can spit tho

Because I'm young and articulate very different
Contest material, Even the old heads diggin it
They can't distinguish it, crazy, the way I'm spitting it
Age don't even begin in it, greatness is all I linger in
The young prodigy bringing the habbit, and I don't need to be the badest for
the status
It's like, My apparatus status stlye on radus it's free
In case you stand us it's me the little man u see.
I'm growing up right in front of your eyes
Yeah I'm what they been looking for it's no surprise

You see the shoes right,
You like the way I walk,
I got it cool right,
I hear them people talk,
And what I'm saying is what you hating for,
You know who it is,
What you've been waiting for (2x)
Wha what you been waiting for
I know who it is what they been waiting for

Of course on any given sunday
They would thank I'm gleaming like really beaming
But still tho on monday
They always under estimate but all I do is elevate
Lyrically just tryna rhyme
At my craft I exalerate
With my dream I took it upon myself to make it escalate
Known as that little n*gga on the mic that's always goin in
Formally known as the kid from the show that some would love and hate
Then I messed around and gave ya'll all that first right mixtape
And what they been waiting for it's a sequel to it in a day
So I'm presenting Airbourne
Coming soon to evacuate

You see the shoes right,
You like the way I walk,
I got it cool right,

I hear them people talk,
And what I'm saying is what you hating for,
You know who it is,
What you've been waiting for (2x)
Wha what you been waiting for
I know who it is what they been waiting for
