

50 Shades

Digital Summer

And I see and then you look at me
Pictures in your head like a movie scene
But someone should've warned you I'm not good for you
Like a moth to the flame you come for me

So if you want it, I got it, I give it away
The fire in your eyes it's the price to pay
So lost in the moment, you can barely breathe
Before you even know, now you're on your knees.

I'll be the devil in you
Just like you want me to
I'll be the pain, you wanted, you craved,
By playing the game, you stayed a slave
To be spoiled like a queen or punished like a whore

You say the word
I'll give you 50 shades and then even more
Oh woah oh woah
I'll give you 50 shades and then even more

It's a strange new kind of bliss
I gets harder to resist
Sex, skin, leather, lace and ecstasy
Losing all control and then you and me
Because it feels so different, is it me or just pretend
Closer to the edge, I'm on the way explore
Love is finding hate but you wanted more

I'll be the devil in you
Just like you need me to
I'll be the pain, you wanted, you craved
By playing the game, you stayed a slave
To be spoiled like a queen or punished like a whore

You say the word
I'll give you 50 shades and then even more
Oh woah oh woah
I'll give you 50 shades and then even more

50 shades and then even more

I know you want it
I know you need it
I know you want it
I know you need it

I'll be drug, deep in your veins
I'll be the sin
I'll be the pain, you wanted, you craved,
By playing the game, you stayed a slave
To be spoiled like a queen or punished like a whore

You say the word
I'll give you 50 shades and then even more
Oh woah oh woah
(I will give you more)

50 shades and then even more
