

Anybody Out There

Digital Summer

SCREAM

Wake up to find myself
All alone in a world of hell, my beat
And there's nowhere to turn
No skin left on my to burn

I'm falling, it's like a bad dream
And there's no escape for me
Can you hear me
Can you hear me

SCREAM for help now, is anybody out there
Is anybody listening, does anybody care
I SCREAM for help now, is anybody out there
Is anybody listening, does anybody even CARE

Somewhere between just staying alive
And knowing that I might not survive
How long can I live like this
Please tell me how can I live when it's not a dream
And I can't believe it's really happening to me

Can you hear me,
Can you hear me

SCREAM for help now, is anybody out there
Is anybody listening, does anybody care
I SCREAM for help now, is anybody out there
Is anybody listening, does anybody even CARE

No more alone (I can't take it)
No more alone (I can't take it)
No more alone (I can't take it)
No more alone

TRAPPING LOVE FOREVER
TO KEEP ME ALIVE
GOING TO ESCAPE THIS HELL,
I WILL SURVIVE

I Scream for help now, is anybody out there
Is anybody listening, Can you even hear me

SCREAM for help now, is anybody out there
Is anybody listening, does anybody care
I SCREAM for help now, is anybody out there
Is anybody listening, does anybody even CARE
Do you even care
Does anybody even CARE
