

# Sweet Misery

Digital Summer

The night air is cold  
But I don't mind  
'Cause I have my pain to keep me warm  
And inside I try  
Try not to be  
So pathetic  
So pathetic, can't you see?

That I'm falling  
and I'm fading  
as I'm crashing on my knees  
All this hatred filled with pleasure  
If you love me set me free

Hold on  
Don't let me go  
From this sweet misery that I know  
And hold on  
Don't let me go  
From this sweet misery that I know

I can count on these hands  
Just how many times  
That I have tried to change my life  
I can't breathe 'cause it burns,  
inside of me  
I'm so desperate  
So desperate, can't you see?

That I'm falling  
And I'm fading  
As I'm crashing on my knees  
If I were to stop breathing,  
would you breathe for me?

And, hold on  
Don't let me go  
From this sweet misery that I know  
And hold on  
Don't let me go  
From this sweet misery that I know

Misery  
Misery  
Singing don't let me go  
Please just hold on to me  
(hold on to me)  
Won't you hold on to me  
(won't you hold on to me)  
Don't let me go

Don't let me go  
Singing don't let me go

Hold on  
Don't let me go  
From this sweet misery that I know

Hold on  
Don't let me go  
From this sweet misery that I know

And hold on  
Don't let me go  
From this sweet misery that I know  
And hold on  
Don't let me go  
From this sweet misery that I know

Misery  
Misery  
Singing don't let me go
