

# All About You

Digital Underground

I'm sneakin home for the weekend  
Shit has been heatin up  
Got me thinkin about you Woah  
Karma gets felt when she comes  
The ice keeps meltin. Nowhere to run  
We're gonna act as one  
on this little rock flyin round the sun

If I was a chick..  
Everywhere I look I see other chicks  
And everyone I see is too close to me  
And I'm living to die for you

If I was chick..  
Because of you I'd be so sick  
How could I be born into a life like this?  
Cuz I'm living to die for you  
Living to die for you

Why's the world so crowded?  
No space to move my ass  
Can't do my thing. Uh unh  
Why's the sky so cloudy  
I spend my whole life locked inside your cage  
Uh unh

But I'm not your chick  
So don't make me live in someone else's shit  
Don't take my egg, don't take my chick  
Don't take me now, this can't be it!  
I'm not ready to die for you  
Uh unh

Murder Murder Murder Murder  
Murder Murder Murder

Too much beef in peoples' guts  
Too much tweakin, time to giva' fuck  
Momma Earth's freakin out  
She's pissed at me and you and you  
And hate has had it's run  
We can't eat these guns  
A new game has begun  
We will not kill our sons  
Love and light has won

Oh oh oh oh oh oh!  
Oh oh oh oh oh oh!

And it's all about you  
you  
you
