

# The Danger Zone

## Digital Underground

(Listen while they're comin man hurry up with the party dog shh be quiet)

Enter a new dimension  
Can't you feel the tension  
Ever heard the word prevention  
Well you really need to pay attention  
You only need a little bit  
So you want another hit?  
Call emergency on the telephone  
You're in the danger zone

("Just lounge, you're in the danger zone" -- Erick Sermon) (4x)

Verse One: Shock G

You're in the zone, when you need another upper (another upper)  
You took a slip and goin out like a sucker (like a sucker)  
Matter of fact, you're more than just slippin  
You're way beyond control, you're on a mission (on a mission)  
You walk right through a wall  
To get a twenty, a forty or an Eight Ball  
And once you enter this area  
There ain't nothin scarier, all I wanna say to ya  
Is just back the hell up (back the hell up)  
You need to go where they let you do your thing in a cup (thing in a cup)  
And you take a diagnosis  
You see your boy Shock G wrote this (wrote this)  
To open up your mind  
Do you know who I am, deliverer of a rhyme  
My job is to verbally slay suckers  
Like an uzi spray motherfuckers (spray motherfuckers)  
The Underground is gonna get ya  
Now pay attention you're about to enter  
Into a new dimension  
Can't you feel the tension  
I'm sure you heard the word prevention  
So like I said pay attention  
You only need a little bit  
Ya still want another hit?  
Even if it's home-grown  
Yo, you're in the danger zone

("Just lounge, you're in the danger zone" -- Erick Sermon) (8x)

Verse Two: Kenny K

On the corner, I see cocaine addicts (cocaine addicts)  
Givin static and about to go at it (bout to go at it)  
And then you hear somebody holler  
(Who was it K?) It was Dopefiend Carla  
She was waitin on a winner (on a winner)  
That HOE, every night she has crack for dinner (crack for dinner)  
But everybody's basin  
Even the suckers who are runnin this nation  
YES, I'm pullin no punches  
The government gets drugs in bunches  
Shock G get the nine

But don't shoot until I finish my rhyme  
This zone, makes suckers stop breathin (stop breathin)  
Sweat bullets drop down to their knees and  
Start beggin for your pipe cause you're all in  
Sometimes you can feel yourself fallin  
Into a new dimension  
Can't you feel the tension?  
Don't let me forget to mention  
The Underground is puttin their two cents in  
What's the matter, feelin blue?  
Does this record bother you??  
If so, you need to leave it alone  
You're in the danger zone

("Just lounge, you're in the danger zone" -- Erick Sermon) (8x)

Verse Three: Shock G

Caught a red light downtown (downtown)  
Freak was on the tip, cause my window was down  
Stuck her head in the car, it was Dopefiend Carla  
She said "Can you spare five dollars? I said hell no  
She said "I'm not asking for much"  
I said bitch, I'd rather give a crippled crab a crutch (crab a crutch)  
She said "Why you wanna clown me"  
I said "It's simple, I don't like fiends hangin round me  
Can't you see, that you got a disease?  
You weight sixty-six pounds, down from a hundred and three"  
The light turned green and I was gone  
She was livin in the danger zone  
It's a new dimension  
Can't you feel the tension  
You recognize this sound  
Go on, just put the pipe down  
What's the matter, feelin blue?  
Does this record bother you??  
If so you need to leave it alone  
Punk, you're in the danger zone

("Just lounge, you're in the danger zone" -- Erick Sermon) (12x)
