Aiyyo, basic mathematics - add shit, subtract shit  
Multiply, divide, break down shit to fractions  
Equality - Not greater than or less than  
Los Angeles, Brooklyn, connect to Manhattan  
Expansion Team - Movin' through lights, cameras and action  
Thoughts to ideas, designs to manufacturin'  
?To we blaze and make it happen  
On stage I quote the bible then blast like Sam Jackson  
{\*"I jump on stage and change forms\*  
Rock it, don't bug out, kid, my team scores  
A lot of emcees out there with phony lives  
They master the studio but never master the ceremon'  
Check it live

You know we - break barriers, redefine the coast  
Classic hits like Ice Cube's "AmeriKKKa's Most"  
Dilated - extra extra, read the front page  
Catch us live on stage - like Roxanne Shante  
Straight out the cage - learn ya lesson  
Yo, studio sessions are not shows  
Learn ya lesson - in shows and studios  
This here breath controls all I got to lose  
But the architects respect it - live in House of Blues  
Flow for my peeps - thats true  
You know we take it live on stage  
And new levels for you  
Thirty bucks a ticket?  
No, that's breads and breaks  
So I'ma stay sharp and seperate the real from fakes  
You know

I got the crowd in the palm of my hands  
It go like the dominant strands  
Squeeze as hard as I can  
Stormin' like that beach in Normandy  
So just droppin' the sand  
The way I'm rockin' the fans  
Like when you take a homeless man and you promise him land  
Understand I rock for Dilated  
The longer you wait, longer you get violated  
If words was notes, I say it the way Miles play it  
I know my styles hated - you can't get nowhere near it  
Instead of investin' in hate, you should invest in merit  
Look at yourself, you monstrosity of hypocrisy  
Tryin' to be the king of media, you the king of mediocrity  
Chop your flow, disposable, like heroes of the prophecy  
I got the evidence that me and Rock know how to flow properly  
C'mon man
