

## Poisonous

## Dilated Peoples

You're like, what's ya name ma?  
Should've run from her, the girl's  
(Poisonous)  
You made a bad move  
She's from a bad crew, they're all  
(Poisonous)

She ain't the one to trust  
She'll treat your heart like Toys R Us  
She's dangerous to touch  
Stay away she's poisonous  
(Poisonous)

She ain't the one to trust  
She'll treat your heart like Toys R Us  
(Poisonous)  
She's dangerous to touch  
Stay away she's poisonous  
(Poisonous)

Some chick in the club you can't trust  
Front like they fans only out for your buck  
Front like they don't have a man and such  
You start holdin' hands, that's when the van pulls up

It's tight situations like this  
You know the risk, roll the dice, hit or miss  
She feelin' me? Well, she got different motives  
A candy shell to cover up the poison

I don't have to pretend  
You know the type to fuck around with a man's best friend  
You know the type out to do you wrong 'cuz you don't spend  
Enough time or enough bread  
(Poisonous)

It's the chicks that I let on the bus  
I took one in the back, the other stole my stuff  
(Damn)  
It's the season of the vict', that night I got picked  
I'm telling you now, they're dangerous to touch  
(Poisonous)

She ain't the one to trust  
She'll treat your heart like Toys R Us  
She's dangerous to touch  
Stay away she's poisonous  
(Poisonous)

She ain't the one to trust  
She'll treat your heart like Toys R Us  
She's dangerous to touch  
Stay away she's poisonous  
(Poisonous)

She's poisonous  
Can 'cause serious harm

Just one touch  
She playin' with your heart  
Like she was in Toys R Us  
Ignore your trust  
She's poisonous  
(Poisonous)

You thinkin' it's love but that's lust  
You feelin' like she's a drug with that touch  
She breaks hearts 'cuz her heart got crushed  
And loves cash, but she loves credit cards as much

She like the creole, for real, or maybe Puerto Rico  
No self-esteem, but fronts the biggest ego  
Never knew her father, her mother used to drink though  
Her step-father had a peep show through every keyhole

Sweet and wholesome, he stole her innocence  
Now he's up in Folsom, and she's the venomous  
Hates men and dates them to rape them  
For payback to pay bills she breaks them

Catch her at the bar, vanilla coke and Stoli's  
Now she throwin' bait, reelin' them in slowly  
She wants celebrities, 'cuz she can hustle that  
A cat from the Mav's of the Cav's double back

They threw a couple back, they had a couple laughs  
He was in trouble when he offered her a bubble bath  
He didn't strap up, she 'bout to make him splash  
Plan B was the get the hat up out the trash

And get the turkey baster, she's thinking tall paper  
She cracked a smile when he told her that he'd call her later  
She's gonna hit the lotto, she wants them all to pay her  
Especially all them entertainers and ballplayers

She ain't the one to trust  
She'll treat your heart like Toys R Us  
She's dangerous to touch  
Stay away she's poisonous  
(Poisonous)
