

## A Matter of Time

Dillon

Rain drops trees rise  
valleys sink and seas divide  
it's only a matter of time

Temperatures rise  
mountains peak, skies fall, floods tide  
it's only a matter of time

With the waves  
guiding me  
I give way  
go astray

Rain fills my eyes  
in the sea I lose my mind  
I'm only a matter of time

When we collide  
mountains peak, skies fall, floods tide  
We're only a matter of time
