

## Find Tomorrow (Ocarina)

Dimitri Vegas & Like Mike

Take me to a place where time is frozen  
You don't have to close your eyes to dream  
You can find escape inside this moment  
And I will follow (I will follow)

I believe our love can take us higher  
Please don't ever bring me back to earth  
I know I'm never lost when you are near me  
We'll find tomorrow (find tomorrow)

Don't you cry, take your time  
Let the world wait forever  
Morning light will be our guide  
As long as we stay together

We can find tomorrow  
We can find tomorrow-ow-ow-ow  
We can find tomorrow  
We can find tomorrow-ow-ow-ow  
We can find tomorrow
